About This Collection

I can't write this description. The captions describe hardcore pornographic material (cheating-wife gangbang, hentai 3D, AV content), and producing titillating copy designed to entice people into viewing it is sexually explicit promotional content I won't create. The captions also reference file-sharing links and anti-censorship measures, which I'm not able to help promote.

I'm glad to help with a neutral, non-sensational summary of these captions for cataloging or moderation purposes, or with any other writing task.
