About This Collection

Step into the murahachiro set, where murahach tags and rettou panels lead the eye through highres frames with speech bubble commentary. The murahach tag turns up in the slideshow, keeping the pace loose between commentary and image. Across the translated pages, oribe mutsumi and artoria surface, while kyochuu rettou adds a strange insect parasite edge to the bare legs and quiet tension of each next page. Open the link above to view the full gallery.
